

## Product Data Sheet:

LINE MARKER HD

HEAVY DUTY LINE MARKING PAINT

2.5L

White

Yellow

### A HEAVY DUTY, QUICK DRYING LINE MARKING PAINT FOR CAR PARKS, PLAYGROUNDS & INDUSTRIAL FLOORS

FixMaster Line Marker HD is a chlorinated rubber resin based line marking paint which dries quickly in low temperatures allowing the area to be back in use quickly. It can take foot traffic in just 2-3 hours and will take wheeled traffic in 6 hours. Line Marker HD is suitable for a wide variety of surfaces including bare concrete, asphalt, wood and previously painted floors. It is ideal for areas where a long shutdown period would be a problem.

- Heavy duty, suitable for high traffic areas
- Quick drying, even at low temperatures
- Suitable of external or well-ventilated internal areas
- Heavy duty chlorinated rubber formula
- No mixing required
- Roller or brush application

#### HOW TO USE IT:

##### Surface Preparation

Ensure surfaces are clean, dry and free from any loose material. Remove any dirt, oil, surface laitance.

##### Application

Stir thoroughly and apply by roller or brush. Ensure that the lid is always replaced in order to prevent the paint from drying out.

##### Limitations

FixMaster Line Marker HD is not recommended for use on newly laid polymer screeds. If in doubt do a small test area. ALWAYS conduct a small test area before using Line Marker HD on existing paint.

#### CURING TIMES @ 20°C:

Touch dry 45 minutes

Foot traffic 2-3 hour

Wheeled traffic 6-8 hours

#### COVERAGE:

2.5 litres will cover approximately 125 metres of 100mm wide line.

#### SHELF LIFE:

One year in sealed containers.

#### CLEANING TOOLS:

Use a white spirit cleaner or degreaser

#### SAFETY:

Keep container in a well-ventilated place. Keep away for sources of ignition. Wear suitable clothing and gloves. Only for use externally or well-ventilated internal areas. The product and container must be disposed of as hazardous waste. Material Safety Data Sheets available upon request.
