

Product Data Sheet

Bio Clean Degreaser

5L

Clear

A POWERFUL AND EFFECTIVE CLEANER FORMULATED WITH BIODEGRADABLE COMPONENTS, PERFECT FOR INTERNAL AREAS.

FixMaster Bio Clean Degreaser will remove stubborn greasy stains and soiling caused by atmospheric and industrial pollution. Suitable for a wide range of internal and external surfaces such as concrete, cement, stone, terracotta, tiling stoneware and marble etc. Does not alter the appearance or aesthetics of the surface being treated.

- Non-corrosive to most surfaces when diluted – do not use on Aluminium
- Biodegradable & virtually solvent free
- Easy to use – Simply rinse away after use
- Ideal preparation prior to painting
- Perfect for confined or odour sensitive areas

How to use:

Application

Can be used neat on heavily soiled areas or diluted with up to 20 parts water as a general maintenance cleaner. Always test on a hidden portion of the substrate before application. Apply the product liberally working into the substrate with a soft broom. Allow to act for 3-5 minutes for light contamination and 5-10 minutes for heavy contaminated areas. (For areas with very, penetrated grime a second application may be necessary). Whilst the area is still wet, flush the area with clean water making sure all residues of the cleaning agent are removed. Do not apply in temperatures below 5°C or above 30°C.

Coverage

As a general guide, 1 litre will cover between 5 and 15m²

Shelf Life & Storage

2 years in original unopened containers, stored in a clean and dry area. Do not store below 5°C.

SAFETY:

It is recommended that gloves and protective clothing are used. If eyes are affected, wash with copious amounts of water and seek medical advice. For full details refer to Safety Data Sheet.
